

March 9, 2026

**Notice of Upcoming Sewer Construction  
Nye Avenue and Baldock Street**

Starting the week of March 16, Darco Group Ltd. will mobilize to commence installation of wastewater sewers on Nye Avenue and Baldock Street. Construction is expected to continue until the end of May. Final ditch and road restorations will be completed later in 2026.

This project includes installation of sewer mains and sewer services to the property line of properties fronting the street. Corner lots may be serviced off the side of the lot where it is beneficial to do so.

For your safety and to provide adequate working space for the contractor, no parking will be allowed on the roads for the duration of construction. Recycling and garbage collection will not be affected. One lane of traffic will be maintained when possible, however, there may be disruption to traffic flow at times. Secondary emergency road access will be provided between the south end of Baldock Street and River Trail Drive. **To keep your children and pets safe, please keep them away from the construction site at all times.**

If you have any questions or concerns regarding this project, please contact Brett Ransom, of Stantec Consulting Ltd., at 204-489-5900 during regular business hours or by email at [brett.ransom@stantec.com](mailto:brett.ransom@stantec.com). The project contractor's contact is shown below.

- Darco Group Ltd., Jonathan Peters, General Manager (204-233-9760)
- Darco Group Ltd., 24-hour emergency (204-297-0640)

We understand that this project may cause you some inconvenience. We appreciate your patience. More information on this project is on the RM of West St. Paul website at [www.weststpaul.com](http://www.weststpaul.com).

Yours truly,

Jeffrey Simpson, BComm., MBA Chief  
Administrative Officer
