

August 22, 2025

**Notice of Upcoming Sewer Construction
Minnehaha Avenue, Hiawatha Avenue and Kenabeek Street
AND
Nye Avenue and Baldock Street**

Starting the week of September 7, 2025, Darco Group Ltd. will mobilize to commence installation of wastewater sewers in the two Local Improvement areas. Sewer installation will begin on or about September 14. For your safety and to provide adequate working space for the contractor, no parking will be allowed on the roads for the duration of construction. Construction is anticipated to continue until the end of March 2026.

This project includes installation of sewer mains and sewer services to the front property line of properties fronting the street. Corner lots may be serviced off the side of the lot where it is beneficial to do so. A representative of Stantec will contact you to help determine the most suitable location for your sewer service. Final ditch and road restorations will be completed in 2026.

During construction, recycling and garbage collection will not be affected and one lane of traffic will be maintained for the duration of construction. **To keep your children and pets safe, please keep them away from the construction site at all times.**

If you have any questions or concerns regarding this project, please contact Brett Ransom, of Stantec Consulting Ltd., at 204-489-5900 during regular business hours or by email at brett.ransom@stantec.com. The project contractor's contact is shown below.

- Darco Group Ltd., Jonathan Peters, General Manager (204-233-9760)
- Darco Group Ltd., 24-hour emergency (204-297-0640)

We understand that this project may cause you some inconvenience. We appreciate your patience. More information on this project is on the RM of West St. Paul website at www.weststpaul.com.

Yours truly,

Jeffrey Simpson, BComm., MBA
Chief Administrative Officer
